DENALI GEAR LIST

OVERVIEW

- Each item on the list below is **required** unless specified to be optional.
- If seasonal fluctuations impact the requirement for an item on your list, it will be specified.
- Item images represent one product suggestion for that item.
- Item images **may or may not** reflect the model of item available for rent.

RENTAL RESERVATION INSTRUCTIONS

- Items with a price & check box may be rented.
- Check the box of any item you desire to rent.
- Complete the personal detail section at the bottom of the page, and click submit.
- If you are a non-Alpine Ascents climber seeking rental equipment, please inquire [via email](#).

FURTHER RESOURCES

- If you wish to learn more about any piece of gear, the online [Gear Lexicon](#) is available 24/7.
- A printable/downloadable PDF version of the Gear Lexicon may also be accessed [here](#).
- For in-depth articles, pro-tips, and advice on select subjects, check out our [blog](#).
- Our experienced staff are happy to speak with you via [phone](#), or via [email](#).
- The [Alpine Ascents Gear Store](#) offers a wide range of products to suit your needs. All registered climbers are welcome to utilize the discount code contained in your confirmation materials.

Description	Click to Reserve/Buy Item
 WAIST LEASH	 Buy for \$29.95
To be used with your ice axe, a commercial waist leash is designed to keep your ice axe attached to you even in the event that you drop it while climbing or taking a break. Note that only waist leashes will work - no wrist leashes!	
 ICE AXE	 Buy from \$99.95  Rent It For \$50.00
A general mountaineering ice axe. We recommend the following size as a general guideline to follow. When in doubt, a shorter ice axe is better than a longer axe. Heights 5'4" and under should use a 52 cm axe, 5'5" to 6'0" use a 59 cm axe, above 6'0" use a 66 cm axe. Note that wrist leashes should be removed from your axe. Check out our write-up to learn more about different ice axes.	
 ACCESSORY CORD	 Buy for \$19.95
40 feet of 6mm accessory cord to be used for prussiking and other climbing rigging. If you plan to bring your own pre-tied prussiks, please contact the Gear Department ahead of time. You will need cord for more than just prussiks. Make sure the cord is soft, flexible and supple. Stiff and rigid cord will not work. To test this, hold the final 12-inch/30-cm piece of the cord in the air, with your hand below. If the cord stands up straight (stalagmite style) it will not work.	
 CRAMPONS	 Buy for \$159.95  Rent It For \$65.00
General mountaineering crampons. We recommend modern steel 12-point crampons with anti-balling plates. Please do not bring 10-point, aluminum, or single-piece rigid crampons. If you have questions about the suitability of your crampons for your trip, call or email the Gear Department. Check out our write-up to learn more about how to fit your crampons.	
 ALPINE CLIMBING HARNESS	 Buy for

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

separate at the legs. We strongly recommend newer models with a belay loop and which do not require "doubling back" your waist belt - older models are cumbersome. Check out our [write-up](#) to learn more.

LOCKING CARABINERS

[Buy for \\$15.95](#)

Four (4) locking carabiners are required. Screw-lock models are required, ideally with large openings for easy manipulation

STANDARD CARABINERS

[Buy for \\$12.95](#)

Four (4) non-locking, lightweight carabiners. Wiregates are recommended over standard gates.

TREKKING POLES

[Buy from \\$99.95](#)

[Rent It For \\$56.00](#)

ASCENDER

One right or left-handed ascender (pick your dominant hand to choose which style ascender). This item must be in good condition.

[Buy for \\$89.95](#)

[Rent It For \\$41.00](#)

FOOTWEAR

	Description	Click to Reserve/Buy Item
A pair of black and green wool or synthetic socks.	WOOL OR SYNTHETIC SOCKS Three pairs of medium to heavy hiking socks. These must fit over your liner socks if you plan to wear liner socks.	Buy from \$25.00
A pair of yellow and black high-altitude double boots.	HIGH-ALTITUDE DOUBLE BOOT Double boots. Plastic-shelled models are sufficient, but modern non-plastic boots are more comfortable and are highly recommended. Single boots of any kind (boots without a removable liner) will not be sufficient. If using a boot with a built-in gaiter,	Buy from \$775.00

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

INSULATED OVERBOOTS

Below the knee length neoprene overboot. Should fit tightly over your boots and work well with your crampons. Necessary when using a high-altitude double-boot system. Not necessary for use with a high-altitude all-in-one boot system. Make sure your crampons are compatible with your overboots (strap on crampons).

GAITERS

Full-sized waterproof gaiters that must fit snugly over your boots. Short trekking gaiters do not offer sufficient protection.

[Buy from](#)
\$89.00

[Rent It For](#)
\$51.00

HIGH-ALTITUDE ALL-IN-ONE BOOT

Used instead of standard double-boot, this all-in-one integrated boot system is warm enough for use without overboots, and eliminates the need for gaiters.

BOOTIES

[Buy from](#)
\$99.00

Optional. Synthetic or down camp booties for comfortable wear around camp.

SNOWSHOES

[Rent It For](#)
\$70.00

Lightweight, ascension-focused snowshoes with climb bars and metal traction.

TECHNICAL CLOTHING

Description

Click to Reserve/Buy Item

SHORT UNDERWEAR

[Buy from](#)
\$22.00

3-5 pairs including the pair you are wearing on Day 1. Synthetic or wool fabrics only - no cotton! Bring comfortable athletic styles based on your needs and preferences (e.g., boxers, briefs, sports bras).

BASELAYER BOTTOM

[Buy from](#)
\$50.00

Non-cotton baselayer bottoms that should fit

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

Polyester, or other synthetic fabrics all work well. Be sure your baselayer pants are not constructed from cotton.

HEAVY BASELAYER BOTTOMS

Heavy, expedition-weight baselayer bottoms designed to be used while climbing in very cold conditions. Fabrics such as Polartec Power Stretch, Capilene 4, and Polartec Power Dry will work well.

[Buy from](#)
\$60.00

BASELAYER TOPS

2-3 long-sleeved base layer tops total. We strongly recommend 1 light-colored sun hoody plus 1-2 other baselayer long-sleeved tops. Wool or synthetic fabrics are required (no cotton). Crew or zip-neck styles are equally useful.

[Buy from](#)
\$45.00

SOFTSHELL PANTS

Stretchy, comfortable, non-insulated softshell pants that should fit comfortably with or without your baselayer bottoms. Please note that "zip-off"-style trekking pants are too light to be considered softshell pants.

[Buy from](#)
\$50.00

[Rent It For](#)
\$61.00

HARD SHELL PANTS

Non-insulated, fully waterproof shell pants that must fit comfortably over your baselayer bottoms and softshell pants. **Full-length separating size zippers are generally required**; occasionally, 7/8th zippers (extending from the cuff of the pant to the upper hip) can suffice but are strongly advised against. Check out our write-up to learn more.

[Buy from](#)
\$99.00

[Rent It For](#)
\$101.00

SOFTSHELL JACKET

This breathable but wind-and-weather resistant jacket is a key part of a mountaineering layering system. We recommend a hooded model. This layer must fit well over your midlayer top and baselayer top. Check out our write-up to learn more.

[Buy from](#)
\$129.00

[Rent It For](#)
\$61.00

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

A midweight, form-fitting, lightweight fleece layer for use over baselayers. Hoods are optional but recommended. Grid fleeces generally provide the best warmth-to-weight ratio. Note that very light puffy jackets can also suffice as a midlayer.

HARDSHELL JACKET

A non-insulated, fully waterproof shell jacket with a hood. We recommend durable three-layer fabric. Goretex Pro Shell or a similar eVent fabric will offer the most durability and long-term weather protection. This layer must fit comfortably over your baselayer, midlayer, softshell, and potentially a lightweight insulated layer. Helmet-compatible hoods are required.

[Buy from
\\$215.00](#)

[Rent It For
\\$101.00](#)

LIGHTWEIGHT INSULATED JACKET

We recommend a lightweight insulated jacket to serve either as a layering piece or as stand-alone insulation when appropriate. This may be filled with down or synthetic insulation.

[Buy from
\\$169.00](#)

[Rent It For
\\$70.00](#)

EXPEDITION DOWN PARKA

An 8000-meter rated, expedition ready parka. This parka must be in excellent condition, fully baffled, and should be recently cleaned with Nikwax Down Wash to ensure maximum loft. We recommend calling to discuss your parka choice, as this item is key to success on any expedition.

[Buy from
\\$599.00](#)

[Rent It For
\\$251.00](#)

INSULATED SYNTHETIC PANTS

A synthetic insulated pant with full-length separating side zips. Ski pants are typically not appropriate for this layer.

[Buy from
\\$185.00](#)

[Rent It For
\\$65.00](#)

HANDWEAR

LIGHTWEIGHT LINER GLOVES

Two pairs of very lightweight wool or synthetic liner gloves that offer a snug,

[Buy from
\\$24.00](#)

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

Black or dark-colored gloves are also serviceable. Two pairs are necessary as one pair often wears through during the trip.

SOFTSHELL GLOVES

Midweight, lightly insulated gloves for use when mittens are too warm and liner gloves are not warm enough. Leather-palm construction is always ideal for the sake of durability. Check out our [write-up](#) to learn more.

[Buy for \\$49.95](#)

[Rent It For \\$41.00](#)

INSULATED SHELL GLOVES

One pair of warm shell gloves with insulated removable liners. Excellent for use when conditions are too cold for softshell gloves, but too warm for expedition mittens. We recommend models with a durable leather palm.

[Buy from \\$169.95](#)

EXPEDITION MITTENS

Expedition-rated mittens with an insulated removable liner. Please be sure this mitten is the warmest model available by any manufacturer.

[Buy from \\$199.00](#)

[Rent It For \\$64.00](#)

HEADWEAR

Description

Click to Reserve/Buy Item

CLIMBING HELMET

A lightweight climbing-specific helmet. This must fit comfortably over your bare head, hat, and/or balaclava, and your headlamp must be able to strap securely to the outside of the helmet. Check out our [write-up](#) to learn more about helmets.

[Buy from \\$59.95](#)

[Rent It For \\$41.00](#)

BUFF

Two buffs are a must-have. The UV Buff is a versatile replacement for the bandana and serves a multitude of purposes. Check out our [write-up](#) to learn more.

[Buy from \\$24.00](#)

SUN HAT

You have 0 items in your rental basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

common.

BALACLAVA

One mid-to-heavyweight balaclava for face protection in very windy or stormy conditions. Choose a model that will fit comfortably over your head. **Models with nose and mouth coverage are required.**

[Buy from](#)

\$25.00

WOOL/SYNTHETIC SKI HAT

A non-cotton wool or synthetic hat that covers the head and ears comfortably.

[Buy for](#)

\$26.00

FACEMASK

Neoprene models are recommended; be sure your facemask is sized well to your face. Balaclavas with built-in facemasks will also work well.

[Buy for \\$13.95](#)

GLACIER GLASSES

High-quality glacier glasses offering full coverage around both eyes and across the nose. Removable side-shields are not required provided eye coverage is sufficient.

[Buy from](#)

\$49.95

[Rent It For](#)

\$47.00

SKI GOGGLES

High-quality goggles for sun and wind protection at altitude. The lens should offer visible light transmission (VLT) of no more than 30%. Those with light-sensitive eyes may wish to use a darker lens. Photochromic models are ideal for use in changing conditions. [See here for more.](#)

[Buy from](#)

\$80.00

[Rent It For](#)

\$55.00

NOSE GUARD

Nose guards are optional, but can be useful for those with extra-sensitive noses in lieu of constant sunscreen application. Guides strongly recommend the Outeru face glove as a nose guard.

PERSONAL EQUIPMENT

Description

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

A 75-100 liter climbing pack designed with climber-specific features and an internal frame. The volume you choose depends on experience level packing and gear quality. If opting for a pack smaller than 100 liters, practice packing to be sure you can efficiently use a smaller sized pack.

 [Rent It For
\\$86.00](#)

-20° FAHRENHEIT DOWN SLEEPING BAG

This sleeping bag should be rated to -20° Fahrenheit and must be down-filled rather than synthetic filled for the sake of weight and bulk. Be sure to include a correctly sized compression stuff sack. Those who sleep cold should strongly consider a -40° Fahrenheit sleeping bag.

 [Buy from
\\$900.00](#)

 [Rent It For
\\$225.00](#)

CACHING STUFF SACK

 [Buy for \\$32.95](#)

Bring one approximately 20-liter stuff sack for caching personal items on the lower mountain. Many sizes & styles of stuff sack can work well, though some prefer a water-resistant stuff sack.

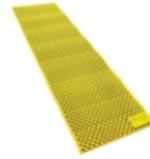

INFLATABLE SLEEPING PAD

A full-length, modern inflatable sleeping pad is recommended. Older-style three-quarter length pads have been superseded by ultralight full-length pads. We recommend bringing a valve repair/body patch kit.

 [Buy from
\\$184.95](#)

 [Rent It For
\\$48.00](#)

FOAM PAD

This pad should be either 3/4 or body length. Cut pieces of closed cell foam or industrially-crafted pads are both acceptable.

 [Buy for
\\$45.95](#)

 [Rent It For
\\$35.00](#)

BOWL

 [Buy for \\$5.49](#)

A sturdy bowl with a sealable lid to keep items hot. We recommend a 16oz Nalgene container with screw top lid. Many of our guides then duct tape a cut foam pad around the container for insulation.

WATER BOTTLES

 [Buy for \\$11.95](#)

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

systems (they freeze or are hard to fill) and no metal bottles (they have a tendency to freeze).

MUG

[Buy for \\$16.95](#)

One insulated outdoor-style mug with a removable lid. Your mug should retain heat well and be spill resistant. Models with 12-20 oz capacity generally work best.

KNIFE

[Buy for \\$23.00](#)

Medium-sized. Keep it simple and light.

PEE BOTTLE

[Buy for \\$19.99](#)

Collapsible or hard-sided 1 liter nalgene models can work well. If opting for a collapsible model, please pick a 1.5-2 liter model as it allows for more space while using in your sleeping bag. Collapsible models are ideal for pack space. Check out our [write-up](#) to learn more about pee bottles and funnels.

PEE FUNNEL (FOR WOMEN)

[Buy for \\$25.95](#)

Optional. Practice is critical for the use of this item. Check out our [write-up](#) to learn more about pee funnels and bottles.

SPOON

[Buy from
\\$10.95](#)

One durable hard plastic or anodized metal spoon. Longer spoon stems can be helpful for eating while wearing gloves.

WATER BOTTLE PARKAS

[Buy for
\\$34.95](#)

Bring two fully insulated water bottles parkas with zippered openings. Neoprene 'cozy' style constructions do not provide enough insulation and are not recommended.

THERMOS

[Buy for
\\$39.95](#)

A fully vacuum-insulated thermos is recommended for hydration, comfort, and safety on cold days on the mountain. One-liter sizes are strongly preferred. and avoid

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

TRASH COMPACTOR/CONTRACTOR BAGS

[Buy for \\$1.50](#)

Three heavy plastic garbage bags for use as waterproof pack/stuff sack liners. Trash compactor or contractor bags are made from a heavier plastic and stand up well to prolonged mountain use. Alternatively, a reusable waterproof pack liner can be used provided it completely fills the inside of your pack.

CAMERA

Optional. Small point-and-shoot cameras (including compact SLR's) are ideal & work well at altitude. Alternatively, many opt to use a smartphone camera. Due to weight & care in the mountain environment, large dSLR cameras are discouraged.

TOILETRY BAG

[Buy from](#)
[\\$1.65](#)

Include **two rolls of toilet paper** (stored in a plastic bag), hand sanitizer, toothbrush, toothpaste, floss, and wet wipes. Choose quantities of each which are appropriate for the length of the trip.

SOLAR CHARGER (OPTIONAL)

Solar chargers are increasingly handy, lightweight, and cost-effective for mountain use, to keep your phone, tablet, or camera charged. We recommend bringing along a battery pack as well, to keep items charged on stormy days.

SUNSCREEN

[Buy from](#)
[\\$6.29](#)

Two to four ounces of SPF 30+ sunscreen. Varieties with zinc-oxide are more protective! Two to four ounces per week is typically sufficient, but several small tubes can offer insurance against lost or exploded tubes. Sunscreen loses SPF rating over time; we strongly recommend brand-new sunscreen.

LIPSCREEN

[Buy for \\$2.89](#)

Several tubes of SPF 30+ lipscreen. As with

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

An approximately 150-liter expedition-ready duffel bag used to transport all gear on your sled during the trip. The duffel needs to be fully waterproof and durable. Choose a model like the North Face Base Camp duffel with specific sled tie-down points. This bag can also be used to travel with gear to and from your destination.

[Buy for \\$185.00](#)

[Rent It For \\$51.00](#)

SMALL PERSONAL FIRST-AID KIT

Basic medical supplies in a compact package. We recommend basic painkillers, Moleskin, first-aid tape, Band-Aids, and anti-septic wipes or gel.

[Buy from \\$5.99](#)

MEDICATIONS & PRESCRIPTIONS

Bring any personal prescriptions, plus Pepto Bismol, Cipro (500mg tablets), Metronidazole, Z-Paks (250mg tablets), Diamox (125mg tablets, approx. 2 per day at altitude), and a variety of standard painkillers like Tylenol, Ibuprofen, etc.

FACE MASK

While on the mountain, all climbers are required to have a face mask easily accessible in a waterproof bag (Ziploc, etc.). When social distancing measures are not feasible, such as at a belay, you will be requested to wear your mask. Cloth or surgical masks are both acceptable.

HAND SANITIZER

[Buy for \\$1.65](#)

Many alcohol-based hand cleaners will work well. Bring a small amount appropriate to the trip duration.

HAND AND TOE WARMERS

[Buy from \\$1.24](#)

Bring three sets of each. Please note that toe warmers are different than hand warmers. They are formulated to work in a lower oxygen environment, like the inside of a boot, they also burn out more quickly.

SUPPLEMENTAL FOOD

You have 0 items in your rental basket

You have 0 items in your purchase basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

- 42 'Bars' (choose an assortment of energy bars, candy bars, granola bars, and cookies)
- 6 Energy gels or chews (Honey Stinger Gel, Gu, Clif Shot Bloks)
- Optional: 60 hard candies (Jolly Ranchers, Ricola Lozenges)
- Optional: 21-42 servings energy drink mix (Nuun, Skratch Labs, Emergen-C, Gatorade)

TRAVELING

Description	Click to Reserve/Buy Item
 TRAVEL CLOTHES <p>Clean 'town' clothing is recommended for use traveling as well as pre-and-post trip. We recommend bringing a comfortable variety of clothing for peace of mind, including some t-shirts.</p>	
 SMALL DUFFEL <p>This item can double as carry-on luggage for your flight, and is used to store any items you do not plan to take into the mountains. Think light and simple, with 40-50 liters of total capacity. Bring a travel lock for peace of mind.</p>	 Buy for \$129.00

Rental Agreement Terms and Conditions

I promise to return all equipment rented from Alpine Ascents International, Inc. in good condition at the end of my climb/course. I agree and authorize Alpine Ascents International, Inc. to charge my credit card on file for repairs and/or replacements of damaged, lost or stolen gear. And I agree not to hold Alpine Ascents International, Inc. responsible for any injuries incurred through the use of its rental equipment.

RENTAL INFORMATION

You have 0 items in your rental basket

[CLICK HERE TO SUBMIT YOUR RENTAL BASKET](#)

You have 0 items in your purchase basket

[CLICK HERE TO SEE YOUR PURCHASE BASKET](#)

Washington Rentals: All rental equipment for trips taking place in Washington will be picked up at your gear check. At that time, payment will be taken for all rented items. No security deposit will be charged for Washington rentals; however, Alpine Ascents reserves the right to assess fees for the replacement or repair of any damaged items.

Alaska Rentals: Due to the unique nature of Alpine Ascents' Alaska program, some items requested may be picked up in Talkeetna at your gear check rather than shipped directly to you. However, not all rental items are available for pickup in Talkeetna. Payment for Alaska rentals will be charged to the on-file credit card after your gear check, including a \$50 security deposit per item. Alpine Ascents reserves the right to withhold all or part of your security deposit for the replacement or repair of damaged items. All equipment, whether shipped to you or picked up in Alaska, may be de-issued at the Alpine Ascents Alaska facility at the end of your trip.

International Rentals: All rental equipment for trips taking place internationally will be shipped to you approximately two weeks prior to your trip departure date. A USA address must be provided for rental shipments. Rental equipment may not be shipped internationally. At the time of shipment, charges will be assessed to the credit card on file, including shipping charges, rental fees, and applicable security deposits. Please immediately contact the Gear Department with any questions.

Confirmation: Allow 48-72 hours for rental confirmation via email. If you have any questions or have not heard back from us within three (3) working days, please email gear@alpineascents.com or call (206) 378-1927 and ask for the Gear Department.

Payment: The credit card on file will be used to process rental payment. For climbs in Washington, payment will be taken at your gear check and no security deposit will be required. For climbs taking place outside of Washington, charges are processed at the time of shipment (approximately two weeks prior to departure date) and will include a \$50 security deposit per item plus shipping. Shipping cost is based on size and weight and can only be determined at the time of shipment.

Security Deposit: Fees are fully refundable upon a timely return (one week from the end of trip). Fees may be assessed for repair or replacement of damaged item(s). Please allow up to two weeks for your refund to be credited. Please note that for items not returned within one week after a trip end date Alpine Ascents reserves the right to withhold all or part of your security deposit.

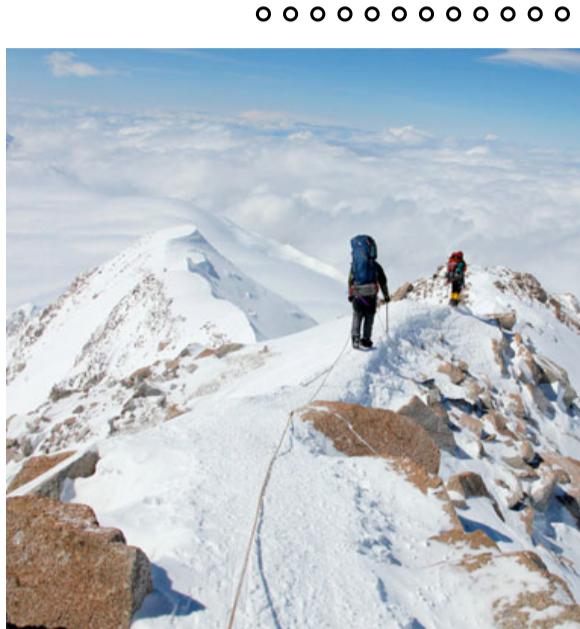

Shipment: Rental items for climbs taking place outside of Washington are scheduled to ship two weeks prior to your trip departure. Once received, please verify that all items are correct and fit appropriately. Please note that sizing information provided is used to determine the sizes of items shipped. You are responsible for rentals once items are shipped and until items are received back at Alpine Ascents. We encourage you to insure your shipment.

By checking this box, I certify that I agree to all TERMS & CONDITIONS of the agreement.

WHY BOOK WITH ALPINE ASCENTS

- **Knowledge & Expertise**

Alpine Ascents International leads expeditions that have become benchmarks of quality in the climbing community. We operate what we believe is the finest mountaineering school in the country. This expertise is based upon years of accumulated experience-not just from individual mountain guides, but through experience on particular mountains where details are fine-tuned over time.

- **Guides**

Our guides are an integral part of Alpine Ascents because they understand and share our climbing principles. These individuals are dedicated to sharing their excellence with others. Many of our guides have been with Alpine Ascents for over five years, with a handful of veterans working with us for most of their careers. The quality of our Guide Staff is the primary difference between us and our competitors.

- **Environmental Responsibility**

Leave No Trace principles are fundamental to our program, and we encourage all who climb and trek with us to understand proper wilderness practices. We help facilitate this effort by passing on Leave No Trace training and literature to every Alpine Ascents climber.
